

Flat-roof drain

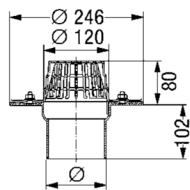

with pressure sealing flange

Made in PP

Vertical outlet, with pressure sealing flange
with counter flange in stainless steel AISI 304,
with leaf trap.

Drainage capacity 4.5 l/sec flow rate.

Installation area: 180 × 180 mm

System 100

Outer diameter Ø (mm) Art. no.

Ø 110

45 950

Flat-roof drain

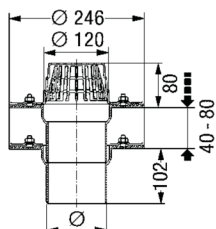

with twin pressure sealing flanges

Made in PP

Vertical outlet, with twin sealing flanges,
with pressure sealing flange
with counter flange in stainless steel AISI 304,
with leaf trap.

Drainage capacity 4.5 l/sec flow rate.

Installation area: 180 × 180 mm

System 100

Outer diameter Ø (mm) Art. no.

Ø 110
